Question 6

Correct

Mark 1.00 out of 1.00

If a business has taken every precaution to safeguard the information it holds and prevent a breach - this can be used as a defense in court.

Select one:

- ☒ True ✓
- ☐ False

True. A data subject can be awarded compensation if a business has not safeguard their data. A business can also be fined by the Information Commission Office (ICO) for breaches.

The correct answer is 'True'.

Question 7

Correct

Mark 1.00 out of 1.00

Revolut asks a third-party credit reference agency to perform a credit check against a customer. In this situation, the credit agency acts as a data processor while Revolut acts a data controller. Is this statement true or false?

Select one:

- ☒ True ✓
- ☐ False

This statement is true. A data processor does not receive personal data directly from the data subject. It receives data indirectly via a data controller (who has a contract with the data subject).

The correct answer is 'True'.

Question 8

Correct

Mark 1.00 out of 1.00

A person subscribes to Revolut. A few hours later, he cancels his subscription and asks us to erase his personal data permanently.
